# ASSET MANAGEMENT FOR LAKE ONTARIO'S COASTAL COMMUNITIES

## Join Us for Asset Management Training!

Lake Ontario Coastal communities have many issues to consider regarding water quality. Managing your water systems is a crucial step towards sustaining water quality for your community.

Join us to learn the key steps to manage the assets of your water and wastewater systems. Training includes:

- ✓ Water Environment Federation's Liquid Assets video
- ✓ Case study on how a community implemented AM
- ✓ Demonstration of a free EPA tool that assists communities with implementing AM plans

\*Training will be conducted by NYSDEC and NYSDOH

To better serve Lake Ontario coastal communities we are offering the same session at two different locations:
